Dialogue Activities # 1, 2 & 3

Dialogue Activity #1 (the show is "One Tree Hill" Season 4 Episode 15)

It was a quiet sunny day while Peyton was sitting inside her room at her desk pondering life's decisions. Her and her best friend Brooke just argued the other day about what they were doing for prom. Peyton couldn't decide if the best route to take was to just ignore her best friend and move on. But all of sudden she heard loud thuds at her window and saw that it was Brooke tossing eggs.

"Are you really tossing eggs at my window?", Peyton yelled with rage creeping in her voice.

"Of course I am because you are miss perfect Peyton and drive me nuts. We are no longer best friends.", Brooke bluntly stated in a sharp tone.

Then Peyton decides to blurt out, "So are you here to ruin all of this prom stuff then? Because you seem worthless to me and I'm sick of arguing."

"You better watch your mouth Peyton, but I'll just do this instead,", Brooke gestured to her cute mug. "Oh and this little mug means nothing to me.", says Brooke as she picks up her mug and tosses it at Peyton's feet and shatters. "By the way this picture can die for all I care because it's not of me anyways.", Brooke says as she throws the picture frame as well.

Peyton lunges at Brooke and the two girls go into a little cat fight until Brooke says, "Fine, stop. I'm done with all of this, get off of me.", Brooke screamed.

"You know what ? I care and I still don't know why we keep doing this and I've been trying so hard and you seem like you don't even care at all.", Peyton yelled as she was starting to sob.

"What do you even mean?", Brooke asks as a few tears fall down her cheek.

"You haven't been there, and you don't know how hard this has been. All I ask is that you care for me and are there but yet you haven't got a clue. But I get it Brooke because you don't want to be here for me. Now, I'm just going to say that we're done and goodbye. Have fun making your plans and partying at your own prom.", Peyton states as being her final words and walks away into her empty house sobbing.

Similarities/ Differences

Throughout the short clip I noticed that my dialogue had some similarities and differences. One of the similarities was the tone because it seemed like a really angry tone and mood. Plus there was a lot of yelling and with all of that they stated that they were no longer friends like mine. I personally think I still like only the original dialogue because it has a whole different conversation than mine that seems a whole lot deeper and touching. But a huge difference was that in the original dialogue the tone was much sharper and angrier with what they talk and argue about.

Dialogue Activity #2 (the show is "Hannah Montana" Episode 5 (I am Hannah Hear Me Croak))

Hannah was just sitting alone on the beach and decided to shove a sucker in her mouth. Her friend Lily comes over to see what's the scoop.

Lily walks up to Hannah and asks, “ Oh my god, are you really shoving that whole sucker in your blowhole?”

Hannah just shrugs and shakes her head no as she ignores Lily’s comment. Then Hannah grunts, “Arghhhh.”

Lily lunges for Hannah’s sucker while saying, “ Give me that sucker , you don't deserve it. Hannah release it... Fine you've asked for it... TICKLE TIME!”, and tries not to laugh.

Then both girls start to cackle, while Lily grabs the sucker away.

“It's about time.”, Lily says as she ripped the sucker out of Hannah's mouth.

Hannah and Lily see their friend Oliver and walk up to him.

“Hi, I'm going to borrow this, thanks.”, Hannah says stealing Oliver's water bottle.

“Excuse me? That is my legendary water ordered specifically from the country China. When we order from there all they do is talk, talk, and talk.”, Oliver tells his two friends.

“Listen we could figure out how to get free water shipped to us instead of paying for it.”, Lily says jumping to conclusion.

Throughout all the chit chat a cute guy comes over and talks to Lily.

“Lily wanna go in the water?”, the cute guy named Todd asked.

“I'd love to, especially if it's from China.”, she screams as she's madly falling in love.

Then Lily runs off away from Hannah and Oliver. Hannah and Oliver decided to do some relaxing in their beach chairs, and Oliver starts imagining things.

“You know it's a great idea to have all this China water, right? It's a perfect 10 out of 10.”, Oliver says excitedly.

After all this talking from Oliver, Hannah lets out a huge groan.

“Now listen, you know it's perfect. See don't you hear them calling?”, Oliver says gesturing toward the air.

Hannah starts to get really tired of all of Oliver's talking so she bangs her head a couple times with her clipboard.

“I'm sorry, can you blame me?”, Oliver asks Hannah.

Then a really cute guy comes up to the two of them and starts to ask questions.

“Hey have you heard of the great China water?”, asked the man named Kyle.

Hannah starts to nod her head uncontrollably as if she's completely interested, “YES!”, she screamed.

“Great because we are throwing a party with all water!”, Kyle says happily.

“Sounds good.”, Hannah says agreeingly.

Oliver butts in and says, “Hannah are you sure you want to do that?”.

Hannah seems to understand and gives a look of being lost.

“Now, look man you seem nice and all, but get out of here. The only place Hannah belongs is in your dreams. Walk away. See Hannah you can't go.”, Oliver commands.

Tired of Oliver's rudeness, Hannah gives him a nice slap.

“See you later, good luck with your own imagination.”, Oliver offers.

Once again Hannah smacks him because of his snide comments.

“Hannah, listen our deal is better , this guy is totally trying to get with you.”, Oliver suggests.

“You know, I'll just get back to you, see you later.”, Kyle says nervously.

Hannah all of a sudden dives for the ground and cries, “NO. COME BACK.”

Similarities/ Differences

Within these two dialogues there were a lot of similarities and differences that I found. One of the main big differences I discovered was that Hannah is actually being called Miley within this episode. Another big difference is that throughout this whole clip Hannah has no voice because she actually lost it. Basically the dialogue I made for her didn't even occur at all. A nice similarity I found was that all the words through both dialogues went with each personal action.

Dialogue #3 (conversation between boys on bus)

After such a hard time Jesse and Najib's senior year was almost to a close. They had been through so much drama and dated so many girls that they just had no time to really talk to each other until one day.

"Hey Najib how have you been feeling?", Jesse asked sounding concerned due to some of Najib's health problems.

"Oh you know, I could feel better but my lower half as in my bottom kind of hurts.", Najib told him."

"Haha that's a usual feeling towards the end of senior year. I mean mine had hurt for quite a while and the doctor told me it's just one of the effects for senioritis.", Jesse said as he was rubbing his bottom

Najib felt a little more comforted at the sound of Jesse's words since he said it was apart of senioritis.

"So Najib are you excited to graduate, or are you thinking you're just gonna stay here?", Jesse asked.

Najib took awhile to ponder the thought and then said, "You know what? I think I might stay here so I can work at PetSmart and give my dogs some free food!"

Jesse seemed a little shocked, but he was trying to understand Najib's decision concerning his education and decided to say, "Yeah you know that doesn't seem bad but don't you want to get out of here and move on? I mean hey then you have no parents supervision and we can do what we want!"

“Man that seems awesome, but I kind of want some supervision due to my health, and since I want to do well at PetSmart.”, Najib said as he pet his dog.

Jesse has always been bestfriends with Najib but this conversation was kind of disturbing him because he wanted his friend to do better with himself. But he didn't let it bother him too bad because he knew that whatever Najib decided it would be the best. Then Jesse said, “ My favorite part about leaving home is that I could party all I want in college and not have to worry about a thing! I mean you'd probably study a tad more than me, so maybe you should go to college for sure.”

Najib considered his friend's thought but didn't really think he wanted his distracting friend there while he tried to pursue something. Then Najib said, “I mean I guess I could consider it but for now I'm looking forward to working at PetSmart and saving my dog.”

“That sounds good man! I hope you do well in whatever you decide! But hey make sure you still hangout with all your girls! Haha!”, Jesse said wishing his best friend the best.

After their interesting conversation they both noticed that their opinions and thoughts had changed.

Description of the People (looks, body language,etc.)

Jesse looked like a complete athlete kind of guy that wore tight-ish jeans and a somewhat muscle tight shirt. He was a very talkative guy that seemed like he was too cool for everybody around him. At the beginning of the conversation Jesse seemed really concerned with how Najib was feeling. He also began to seem quite excited for his future plans and about partying with his

college buddies. He looked like the type of guy that dates a new girl every week and had a huge ego.

Najib on the other hand looked quite normal compared to what he was looking like earlier in the school year. I guess you can basically say he must be excited for the end of senior year so he can fulfill his career at PetSmart. He looked like he was a very intelligent man and that is why I kind of inserted a plot twist in the dialogue of how he wasn't going to college.
